Experience

Iron Workers Local 846 | Aiken, SC
Union Ironworker
07/2016 - 04/2020

- Working with both my hands and mind, to get tasks done, in a timely and uniform matter.
- Worked at heights, off of scaffolds, while wearing a harness.
- Had to lift 50+ lbs. on several occasions to move material to work area and also to install the rebar.
- Worked, in unison, with crew members to accomplish the tasks placed in front of us. Developed extraordinary communication skills while having other crafts working around us and heavy noise.
- Took blueprints and diagrams and constructed the the desired design, built th specs, while also working around other craft's previous work.

Advance Auto Parts | Dalton, GA
Assistant General Manager
12/2010 - 06/2016

- Keyholder, which meant i opened and closed the store and had access to safe and security codes.
- In charge on inventory, ordering products that were needed at the store and also organizing stock.
- On occasion, would make the week's work schedule, based on customer traffic patterns and hours available to me, assuring that we always had plenty of coverage.
- Had to develop a friendly work relationship with our regular DIY customers as well as with our commercial, professional accounts, to ensure their future business.
- Organized and handed out tasks to crew members, and oversaw operation, to keep business running smoothly.

Whitfield County Fire Dept. | Dalton, GA

Volunteer Firefighter

08/2008 - 03/2010

- Received specialized training in CPR, Oxygen Administration, Haz Mat Awareness, Haz Mat Ops, and received Firefighter 1 certification.
- Carried around a pager, where the same calls as the station, came through.. When available, I would assist the full-time firefighters and EMT first responders, when it was a medical call.
- Developed a bond with my fellow classmates during the trainee course. We would train in a burning, controlled unit to simulate a real life situation.

Education and Training

Dalton State College | Dalton, GA

Some College (No Degree) in Physics/Pre-Engineering

Georgia Tech Coding Boot Camp | Atlanta, GA

Coding

Expected in 11/2020
